SUMMARY

Computer Science undergraduate with hands-on experience building AI-powered applications and full-stack web projects. Proficient in Python, machine learning frameworks including PyTorch, and modern web technologies including React and Node.js. Seeking a summer internship to apply these skills in a real-world environment.

EDUCATION

Sukkur IBA University

Bachelor of Science in Computer Science

Sukkur, Pakistan

Aug. 2024 – Present

- SEEF Scholarship: Sukkur IBA University (2026 – 2028)
- Relevant Coursework: Artificial Intelligence, Machine Learning, Data Structures & Algorithms, Object-Oriented Programming, Database Systems, Web Engineering

PROJECTS

NemoScan AI Diagnostic System | *Python, PyTorch, PySide6*

2025

- Developed an AI-based desktop application for pneumonia detection using chest X-ray images.
- Built a 7-model ensemble to improve prediction reliability and model performance.
- Preprocessed medical image dataset including normalization and resizing for training.
- Implemented Grad-CAM visualizations to enhance interpretability of model predictions.
- Designed an interactive GUI using PySide6 for real-time image analysis.

Digital Employee AI Full-Stack AI Content Platform | *React, TypeScript, Node.js, Groq API*

2026

- Built a full-stack AI content generation platform producing publish-ready copy for LinkedIn, Instagram, X, and email using streaming LLM completions via the Groq API (Llama 3.3).
- Architected a pnpm monorepo with a React/TypeScript/Vite frontend and an Express-based Node.js backend.
- Implemented real-time streaming responses, AI-driven rewrite/tone editing tools, and multi-format export (TXT, Markdown, PDF).
- Deployed a live production build with a recorded product demo.

TECHNICAL SKILLS

Languages: Python, Java, C++, SQL, JavaScript, TypeScript

Frameworks & Libraries: PyTorch, Scikit-learn, PySide6, React, Node.js, Express.js, Tailwind CSS

Databases: MySQL, MongoDB

Core Concepts: Artificial Intelligence, Machine Learning, Data Structures & Algorithms, REST APIs

Tools: Git, GitHub

CERTIFICATIONS

- Coursera: AI Fundamentals
- Kaggle: Intro to Machine Learning
- Educative: Python Basics
